

STERLING PARK DISTRICT DUIS CENTER

Project Description

CLIENT: Sterling Park District
Mr. Larry Schultdt, Director
815-632-6621

LOCATION: Sterling, Illinois

PROJECT COST: \$411,000

COMPLETED: 2010

DESCRIPTION: The Duis Center is a 32,000 sq. ft. facility that contains a 25 yard indoor swimming pool, fitness center, multi purpose rooms and locker rooms, staff office area and lobby / registration area.

The project included the renovation of the Duis Center, which was originally constructed in 1970, to address ADA accessibility issues.

The site work for the project involved the redesign of the existing entrance to improve drop off / pickup traffic flow and incorporate ADA requirements into a new 52 stall parking lot. The other existing parking lots, one with 31 stalls and one with 16 stalls were evaluated for pavement strength, rebuilt and designed to be ADA compliant. New ADA compliant sidewalks, curb & gutter and entrance were also incorporated into the project.
